

## **Bryta Rinse Aid**

### **Liquid Detergent for Dishwashing Machines**

#### **Description**

Bryta Professional Rinse Aid is a neutral liquid rinse additive for mechanical ware washing.

#### **Key properties**

- The product contains a special blend of non-ionic surfactants for rapid, spot and streak free drying on all cleaned surfaces in soft and medium hard water conditions.

#### **Benefits**

- Ensures quick drying
- Gives streak and spot-free results
- Low foaming action for more efficient machine operation

#### **Use instructions**

Bryta Professional Rinse Aid is recommended for use in all types of manually dosed domestic and commercial warewashing machines at a concentration of 0.2 - 0.3ml/l of final rinse water. Actual dosage levels are determined according to local site conditions.

#### **Technical data**

Appearance:	Clear blue liquid
pH neat:	5.0
Specific Gravity:	1.01

The above data is typical of normal production and should not be taken as a specification.

#### **Safe handling and storage information**

Avoid contact with skin and eyes. Rinse and dry hands after use, for prolonged contact protection of the hands may be necessary. Do not mix with any other chemicals other than as advised by your Diversey representative.

Store upright in original closed containers in a cool place.

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

#### **Available pack sizes**

Article code	Pack size	Pack type
