The Tork SmartOne Twin Mini Toilet Roll Dispenser in Elevation Design is an efficient and very robust dispensing system suitable for demanding washrooms with high traffic. By holding two rolls and sheet-by-sheet dispensing, consumption is reduced by up to 40% when compared to a traditional jumbo roll dispenser which means more visits per roll.

- The single-sheet dispensing helps to reduce consumption by up to 40%
- It is hygienic because guests only touch the paper that they use
- It has an extremely robust design with a metal key and lock that protects the roll and stops theft
- An extra high capacity saves maintenance time and ensures that paper is always available
- The twin roll dispenser allows rolls to be used to the end minimising the stub roll waste
