

Targeted Spray Scrub Technology

Boasting all the features of the M3, JET3 offers additional on-demand application to speed up cleaning everywhere. By releasing the perfect amount of liquid alongside the unstoppable scrubbing action from the 360rpm extreme torque motor, JET3 delivers unbeatable results in small areas.

The compact head fits into tight spaces that other machines simply cannot reach, releasing ingrained dirt no matter the challenge. Our convenient, quick-change solution bottle fits into the belt of our lightweight backpack to spray as much or as little as you need to release dirt from the surface.

Scrub faster, clean smarter.

JET3 uses minimal water and sprays just the right amount of solution when you need it. It's better for our planet.
