

swingo® 2100µmicro

Experience the difference

The TASKI swingo 2100µmicro represents an evolution in micro ride on scrubber driers. Combining compact design with an unchallenged performance, it offers high flexibility for operations beyond traditional boundaries.

- Unrivalled performance
- Advanced design
- Intelligent total solution

Unrivalled performance

The TASKI swingo 2100µmicro offers unrivalled performance, benefiting from the combination of speed, small footprint, agility and large tank size. An offset cleaning function allows reduction of manual work and seamless cleaning in large and small areas with the highest possible cleaning result and supporting a low total cost of ownership.

The compact size of the machine allows it to fit into most common elevators. It can easily be transported to all floors of a site.

Advanced design

Performance only has real value when safety is not compromised. TASKI swingo 2100µmicro combines great overview, ergonomic working and high safety standards, benefiting from a protective tank design, active sitting concept and many other safety features.

Simple and efficient machine preparation and maintenance increases operational efficiency and reduces need for time consuming operator training.

Intelligent total solution

TASKI swingo 2100µmicro revolutionizes today's cleaning processes improve your operational efficiency. The combination of a large variety of options, accessories and tools (TASKI IntelliDose, TASKI IntelliTrail, TASKI AquaStop, ToolHolder concept) allows individual adaptation to your needs, helping you achieve improvement of your total cost of ownership.

swingo® 2100micro

Technical data			
Theoretical performance	3025 m²/h	Solution/Recovery tank	75 L/75 L
Theoretical performance per tank	5000 m²/tank	Rated voltage	24 V
Working width	55 cm	Nominal consumption	1440 W
Offset function	14 cm	Battery run time	< 4h
Brush system	2 x 28 cm	Machine weight net	185 kg
Brush pressure maximum	up to 57 kg	Machine weight – ready to use (without operator)	380 kg
Brush speed	190 rpm	Dimensions (L x W x H)	138 x 58 x 128 cm
Squeegee width	63 cm	Noise level	< 70 dB(A)
Cleaning speed	< 5.5 km/h	Approvals/Protection class	GS, CB/II

Model	Article code
TASKI® swingo® 2100micro BMS EURO	7523420
TASKI® swingo® 2100micro	7523409

Accessories/Additional tools	Article code
TASKI® IntelliDose® TASKI® swingo® 2100micro	7523412
TASKI® IntelliTrail®	7523390
TASKI® swingo® 2100micro TASKI® AquaStop	7523413
TASKI® swingo® 2100micro tool holder base – large	7523414
TASKI® swingo® 2100micro tool holder base – small	7523415
Kit wet vacuum cleaning standard	8504490
TASKI® vertica	7501650
Filling hose with universal water coupling	8502830
TASKI® swingo® 2100micro long draining hose	7523500
Battery traction 6 V, 180 Ah/5	7514962
Battery traction block 12 V / 105 Ah	7517621
Scrubbing brush 28	7519395
Scrubbing abrasive 28	7510633
Driving disc 28 harpoon grip	7510634
