

**CLAX® Crisp**

**15X1**

## Bleach enhancer, effective at room temperature

### Description

Clax Crisp is a bleach enhancer that can be applied for washing in cold water. The product has been designed for automatic dosing in on premise laundries in the hospitality sector.

### Key properties

Clax Crisp is a bleach enhancer for oxygen based bleach, which contains anti-greying agents. The product should be applied in combination with Clax Cool, Clax Bright and Clax 200 Pur-Eco for washing in cold water. It delivers good residual stain removal.

### Benefits

- Improves stain removal when combined with Clax Cool, Clax Bright and Clax 200 Pur-Eco
- Saves energy, water and time when combined with Clax Cool, Clax Bright and Clax 200 Pur-Eco for washing in cold water
- Prevents greying of linen by stabilizing soil particles in the wash liquor

### Use Instructions

For the best results:

1. Use softened water
2. Segregate polyester cotton articles from other articles and wash separately
3. Separate white and coloured goods
4. Sub-sort into light, medium and heavily soiled articles

### Dosage

Dosing level is dependent on wash classification.

Dosage recommendation: 4-5ml/kg dry goods

*\*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

### Technical data

Appearance: Clear, slightly yellow liquid

pH value (neat): 11,5

Relative density (g/cm<sup>3</sup>; 20°C): 1,12

*The above data is typical of normal production and should not be taken as a specification.*

### Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; [sds.diversey.com](https://sds.diversey.com). Store in original closed containers away from extremes of temperature. Only for professional users / specialists.
