

PHOS PLUS

Descaler and Rust Remover

Bio Productions Phos Plus swiftly removes rust from cars, pipework, tools, and more - often removing the need for sanding or grinding. Its non-corrosive formula, with over 20% phosphoric acid, ensures safe and effective rust removal. Phos Plus doubles as a powerful descaler and can also be used to remove limescale deposits from kitchen equipment such as dishwashers, washing machines and kettles, which are subjected to damaging build-up, particularly in hard water areas.

- Effective - quick results
- Easily removes built up deposits
- Safe on most plastics, glass and rubber
- Universal application
- Effective in hard and soft waters
- Biodegradable

DIRECTIONS

RUST REMOVAL

Use a plastic bucket or container and brush, spray or mop onto the affected area.

DESCALING DOSAGE GUIDELINES

Kettles/coffee machines: Dilute 50ml of product in 500ml of water run through the coffee machine/boil kettle. Rinse through thoroughly to ensure all product is removed before using appliance.

Washing machines: Add 100ml (soft water) 200ml (hard water) and run the machine on a short cycle at 60%. In bad cases stop the machine half way though cycle and leave for 20 minutes before resuming the cycle.

PACKAGING

Order Code: PHOSPLUS2

Pack Size : 4 x 2L
